

# Duy Tran

## Front End Developer

sendtoduy@gmail.com | [E-Portfolio](#) | [Linkedin](#) | [Github](#)

+358 41 315 1458 | Tampere

A highly motivated frontend developer with a strong passion for learning and building websites that provide a great user experience.

## Technical Skills

---

HTML5, CSS3, JavaScript ES6+, Typescript

React, Nextjs, Redux, Material UI, TailwindCSS

Git, Github, Bitbucket, Trello, Slack

## Experience

---

- **Front End Developer**

BearIT Oy, Tampere, Finland (April 2022- present)

- Developing my skills to become an even better sw developer by attending LearnIT Coding and Finnish Language program run by BearIT. I live and breathe the authentic software company work environment by doing a real-life-application in scrum mode.
- Project work as part of this program:  
Developing an app to assist football coaches in better management of data.
- Technologies: ReactJs, Redux, Bitbucket
- Link to a solution this project is related to:

<https://mycoazh.com/>

- **Operations Intern**

CodeIT AS, Oslo, Norway (September 2019 - November 2019)

- Optimized the work-flow between different department
- Day to day operations such as putting project file up to cloud, research customer data, managing warehouse
- Planned and developed commercial projects

- **Group Leader for ESN Vaasa**

- Stockholm, Lapland, St.Petersburg student trips (2017)

## Education

---

### LearnIT - Coding and Finnish Language Tampere

BearIT, Tampere (April 2022 - December 2022)

- LearnIT - Coding and Finnish Language is made of three key elements: software development, Finnish language and on-the-job-training.
- This eight-month training program is targeted for job seekers and sponsored by TE services.
- <https://ura.bearit.fi/pages/learnit-coding-and-finnish-language-tampere>
